Dear Pat,

We at Tri-County CAP, Inc. are pleased at the opportunity to join you and your regional partners in the TIGER project application. We understand that we will join Berlin, Gorham, Shelburne, Milan, Dummer, Colebrook, New Hampshire Employment Security and New Hampshire Dept. of Transportation, District 1 in a program to greatly improve the road network infrastructure in this chronically distressed portion of the state.

This project will provide both immediate and long-term benefits to the low-income, under-employed and unemployed people we serve in this region. We will work closely with you to ensure the maximum involvement of qualified potential employees in the construction element of the project and both recognize and welcome the longer term economic development potential in enhancing infrastructure.

The recent economic history of our region makes this project one of particular value. Tri-County CAP, Inc. welcomes the chance to participate as a partner in a project of such appropriate promise.

Sincerely,

Lawrence M. Kelly  
Executive Director
