The 96.25 figure represents the assessed values versus sales prices of armslength transactions for the timeframe beginning October 1, 2016 through September 30, 2017. The median ratio of 96.25 indicates that sale prices are coming in slightly above assessed values. This is the first time since 2007 that the ratio is below 100, which is generally understood to be a sign of an improving real estate market..

## Galinis, Peter

## 341 Church Street

As a courtesy, Robert Goddard stated that the Board would review this abatement application first since the owner of the property was in attendance. The Board had tabled this application at the prior meeting. Bryan Chevarie stated that Peter Galinis submitted an amended abatement application where his opinion of market value is not \$80,200 as he wrote on the original application, but \$15,300. This amended application was received prior to the March 1, 2018 deadline. The group reviewed the application and related photographs while asking the taxpayer pertinent questions. Robert Goddard asked Peter Galinis if he has performed any significant improvements to the property since purchasing it. Peter Galinis indicated that only minor improvements have been completed. At 5:53 pm Peter Galinis was given three minutes to comment on his abatement application request. He stated that he paid \$20,000 for the property from a Fannie Mae repossession and he believes he overpaid at that price out of desperation. Mark Eastman stated that he trusts the recommendation of our contractor, KRT Appraisal. Robert Goddard indicated that he concurs. Peter Galinis was given an additional minute to address the Board at 6:03 pm. He gave a list of items that he believes George Lickiss (Assessor Supervisor, KRT Appraisal) missed while formulating his recommendation. Kem Rozek indicated that homeowners often benefit from allowing an assessor into their buildings in order for them to have a better understanding of the quality of the property. A motion to agree with George Lickiss' recommendation to lower the 2017 assessed value from \$80,200 to \$53,000 was made by Mark Eastman. Kem Rozek seconded the motion. All in favor, the motion carried. An abatement in the amount of \$1,066 was granted. Appropriate documentation was signed by members of the Board.

All remaining members of the public left the meeting at this time.

#### Currie, Jerrold & Monique

## 390 Goebel Street

118/175

The Board reviewed an abatement application for this parcel. The owners argue that the condition of the property as of April 1, 2017 was overstated as there was black mold, major flooding in the basement, and a list of other issues. On April 10, 2018 George Lickiss inspected the property. A motion to agree with George Lickiss' recommendation to lower the 2017 assessed value from \$77,100 to \$29,800 was made by Kem Rozek. Mark Eastman seconded the motion. All in favor, the motion carried. An abatement in the amount of \$1,854 was granted. Appropriate documentation was signed by members of the Board

#### Winn, Gerald & Mona

#### 179 Park Street

120/207

The Board reviewed an abatement application for this parcel. The owners argue that the condition of the property as of April 1, 2017 was overstated as there is a considerable amount of fire damage. On March 27, 2018 George Lickiss inspected the property. A motion to agree with George Lickiss' recommendation to lower the 2017 assessed value from \$46,100 to \$19,100 was made by Kem Rozek. Mark Eastman seconded the motion. All in favor, the motion carried. An abatement in the amount of \$1,070 was granted. Appropriate documentation was signed by members of the Board.

#### Quackenbush, Jeffrey

## **167 Washington Street**

119/207

The Board reviewed an abatement application for this parcel. The owner argues that there are deferred maintenance issues with the property that are not accounted for in the assessed valuation. George Lickiss did an inspection on March 27, 2018 and verified the physical inventory was correct and the deferred maintenance was addressed with an additional depreciation code. He recommends to deny the abatement request. A motion to agree with George Lickiss' recommendation to deny the request was made by Kem Rozek. Mark Eastman seconded the motion. All in favor, the motion carried.

#### Dionne, Mary

#### 215 Madigan Street

110/124

The Board reviewed an abatement application for this parcel. The owner argues that the assessment is too high because she has not been able to sell the property. George Lickiss did an exterior inspection on March 27, 2018 and verified the physical inventory was correct as much as could be ascertained and also reviewed the MLS listing. He could not see a reason to change value and thusly recommended the abatement request be denied. A motion to agree with the recommendation to deny the request was made by Robert Goddard. Kem Rozek seconded the motion. All in favor, the motion carried.

Kelley, Barry Riverside Drive 138/56

The Board reviewed an abatement application for this parcel. The owner purchased the property in March of 2017 from the City of Berlin. He argues that the lot is not buildable and is being assessed as if it were. George Lickiss reviewed the characteristics of the parcel and determined that there is a sewer easement and an access easement through the middle of the property. The lot does not have a building site. His recommendation is to apply a condition factor of 0.10 which would reduce the assessment by \$14,900 to \$1,600. A motion to agree with the recommendation to lower the 2017 assessed value from \$14,900 to \$1,600 was made

by Mark Eastman. Kem Rozek seconded the motion. All in favor, the motion carried. An abatement in the amount of \$549 was granted. Appropriate documentation was signed by members of the Board.

Aikens, Denis 330 Burgess Street 131/55

The Board reviewed an abatement application for this parcel. The reason for the request is the owner's concern with the assessment due to the value when compared to an appraisal that was done for bank financing. George Lickiss inspected the property on April 10, 2018 and determined the quality needed to be lowered to fair and the condition also needed to be lowered to fair. In reviewing the sketch it was discovered that an area that was called first floor was actually finished enclosed porch. After correcting the inventory he recommends that the assessment is reduced from \$103,600 to \$69,700. A motion to agree with the recommendation to lower the 2017 assessed value from \$103,600 to \$69,700 was made by Mark Eastman. Robert Goddard seconded the motion. All in favor, the motion carried. An abatement in the amount of \$1,329 was granted. Appropriate documentation was signed by members of the Board.

King, Richard W – Trustee 110 Pleasant Realty Trust 110 Pleasant Street 119/37

The Board reviewed an abatement application for this parcel. The reason for the request is the owner's concern with the assessment due the income producing potential of the property. In reviewing the market approach and the income approach, George Lickiss determined that more weight should be given to the income approach. After changing the area to finished three quarter, he recommends the assessment be reduced by \$57,650 to \$67,750. A motion to agree with the recommendation to lower the 2017 assessed value from \$125,400 to \$67,750 was made by Kem Rozek. Mark Eastman seconded the motion. All in favor, the motion carried. An abatement in the amount of \$2,259 was granted. Appropriate documentation was signed by members of the Board.
