

April 6, 2017

Good morning,

The Berlin High School Destination Imagination team is currently raising funds to attend the Global Finals in Knoxville, TN next month. DI is not funded by the school district, other than my stipend, of which a good portion is put directly back into the program to cover registration and refunds to the team managers. If there are funds available to help these students experience this life changing event, it would be greatly appreciated by them, and their parents who are working hard right now to cover the costs of the trip. We have several fundraising efforts underway, but time is of the essence, as we have just over 40 days until the kids would be departing.

Please let me know if funds can be made available to help them achieve this goal.

Thank you!
Amy Welch
Berlin Schools District Coordinator
Destination Imagination
