RE: USPAP 2018 Report for City of Berlin, NH

Dear Mr. Wheeler:

In accordance with RSA 21-J:14-b,I(c), the Department of Revenue Administration has reviewed the Uniform Standards of Professional Appraisal Practice (USPAP) mass appraisal report submitted by KRT Appraisal for the City of Berlin for the 2018 tax year.

I have enclosed a copy of the Department's mass appraisal review report. I have concluded that the appraisal under review **complies** with all requirements set forth in USPAP, and applicable laws and regulations.

These results are reported annually to the Assessing Standard Board (ASB) in accordance with RSA 21-J:11-a,II. If you have any questions, please do not hesitate to contact me at 419-9788.

Sincerely,

Philip Bodwell, CNHA

## REVIEW OF MASS APPRAISAL REPORT LETTER OF TRANSMITTAL

---

**DATE:** December 16, 2019

**CLIENT:** NH Department of Revenue Administration, Municipal and Property Division

<b>RE:</b> Review of Berlin – 2018 Mass Appraisal Report
--

In accordance with RSA 21-J:14-b I(c) I have completed an appraisal review report (Review Report) of the Berlin 2018 mass appraisal report (Original Report) prepared by KRT Appraisal. The purpose of this review is to evaluate the Original Report for compliance with the Uniform Standards of Professional Appraisal Practice (USPAP), applicable laws and rules. I have not developed my own opinion of value. This review should not be construed as an appraisal of the subject properties. This is a technical desk review, and as such I have not made a personal inspection of the referenced properties. The Original Report effective date of value is April 1, 2018 and the certification date is December 13, 2019.

The intended users of this Review Report are the Assessing Standards Board (ASB), the City of Berlin and the NH Department of Revenue Administration (DRA). Neither the DRA nor the review appraiser is responsible for any unintended use of this Review Report.

This Review Report is intended to comply with the appraisal review, development and reporting requirements set forth in USPAP. Supporting documentation concerning the data, reasoning and analyses is retained in the DRA's files. The information in this report is specific to the needs of the client and for the intended use stated in this report.

It is assumed that the factual data, about the subject properties, provided in the Original Report is accurate. USPAP refers to this type of assumption as an extraordinary assumption and if it is found to be incorrect, it could affect the results of the Review Report.

This Review Report cannot be properly understood without information contained in the Original Report and therefore it must be used in conjunction with the Original Report. This letter must remain attached to the Review Report in order for the opinions set forth herein to be considered valid.

My opinions and conclusions are based upon the definitions, assumptions, limiting conditions, and certifications stated within the Review Report.

After analyzing all relevant facts and opinions expressed in the Original Report, I have concluded that the Original Report complies with USPAP, applicable laws and rules.

Respectfully submitted,

## SCOPE OF WORK

---

### Scope of Work:

Scope of Work is defined as: *"The type and extent of research and analyses in an assignment."*<sup>1</sup>

In this Review Report assignment:

- I read the entire Original Report provided by the appraiser to support his analyses.
- I reviewed a sample of the sales provided to determine whether the data is appropriate, and consistently applied.
- I reviewed the Original Report for compliance with the version of USPAP in effect as of the date of the appraisal report under review, by comparison to the elements described herein.
- I reviewed the Original Report for compliance with the applicable laws and rules.
- I reviewed the Original Report for consistency with industry recognized mass appraisal techniques.
- I reviewed the Original Report's Scope of Work for consistency with the contract terms.
- I did not inspect all properties.
- I did not utilize the mass appraisal under review to develop an opinion of value.
- I did not verify all the mathematical calculations in the model.

## ASSUMPTIONS AND LIMITING CONDITIONS

---

This Review Report is subject to the following underlying assumptions and limiting conditions:

### **Extraordinary Assumption:**

The Appraisal Institute's *The Dictionary of Real Estate Appraisal*, 5<sup>th</sup> edition (p. 176) defines an extraordinary assumption as "an assumption, directly related to a specific assignment, which, if found to be false, could alter the appraiser's opinions or conclusions. Extraordinary assumptions presume as fact otherwise uncertain information about physical, legal or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis."

This review was made under the *extraordinary assumption* that the data contained in the work under review is accurate. The review appraiser is not responsible for errors in the data or for undisclosed conditions of the properties or the marketplace which would only be apparent from a thorough physical inspection and further research.

The use of this *extraordinary assumption* might have affected the results of this review assignment.

### **Hypothetical Conditions:**

This review does not include any hypothetical conditions.

### **General Assumptions:**

- This Review Report is intended to comply with USPAP's appraisal review, development and reporting requirements. Supporting documentation concerning the data, reasoning and analyses is retained in the DRA's files. The information in this report is specific to the needs of the client and for the intended use stated in this report. The review appraiser is not responsible for unauthorized use of this report. Possession of a copy of this report by the reader does not make the reader an intended user.
- It has been assumed that all principal and appurtenant buildings or other improvements have been accurately described; and, all land parcels and any attributes that may affect the market value have been accurately described.
- It has been assumed, unless otherwise stated herein, that all elements which may affect market value have been taken into consideration which may include, but are not limited to: legal and title matters; encumbrances; restrictions; physical and location issues; known contamination; zoning and use regulations; depreciation factors; or other issues.
- The information furnished by others is believed to be reliable and accurate.

### **Limiting Conditions:**

- Possession of this report, or a copy thereof, does not carry with it the right of publication.
- The review appraiser herein by reason of this review is not required to give further consultation, testimony, or be in attendance in court with reference to the properties in question unless arrangements have been previously made, or as otherwise required by law.

**Competency:**

- I am a DRA-Certified Property Assessor Supervisor. I have the experience, competency and education necessary to review mass appraisal reports. There were no additional steps required to competently complete the Review Report. Confirmation of my certification is available at [www.revenue.nh.gov](http://www.revenue.nh.gov).

	Note:
	Residential depreciation tables were adjusted to a base year of 2018, although commercial and industrial tables remained
	unchanged with a base year of 2015. The contractor indicated that it was necessary to change residential depreciation
	and effective area adjustments based on his market analysis for the period 9/1/17 to 8/31/18. The contractor made
	the necessary changes in the Vision CAMA system to achieve this.
