Traffic Safety Committee
c/o City Clerk
168 Main Street
Berlin N.H 03570

Priscilla Germonetti
539 Willard St
Berlin N.H 03570

Attention: Traffic Safety Committee

Please note that the Berlin High School Traffic flow at the end of Willard St exit to Madison Ave needs signage improvements on the one way road near BHS.

1. BPD have been working on enforcing the "No Parking During School Hours" signs and they have been great ... I think it's working!!
 2. The one-way road exit from BHS to Madison Ave is a joke ... of course the buses drive down the hill to Madison Ave exit ... and USPS have been faithful using the "one way" exit ... unlike Federal Express, UPS and other traffic car + truck accidents ... so why have they been ignoring them all these years!?
 3. Ignored because it's more convenient!!
 4. have been doing like invisible signs ... NO see ... NO do!
- Thank you for your attention

Sincerely yours
Priscilla Germonetti

ps: This chaotic exit patterns @ BHS is an accident just waiting to happen

September 9, 2017

Continue Attention Safety Committee

The request for improvement signage was sent to City Clerk but the 'one-way' Willard Street adjacent to BHS has been ignored for years... resulting in chaotic hazardous traffic flow in and around the neighborhood... needing stricter enforcement laws... not just school hours but 24hrs/day. Why? Because cars and trucks turn left and go zooming back to Willard St like bullets or turning left (waiting for buses) in neighbor's driveway (one with children in the yard) for convenience with students running everyone darting in between cars and buses in disorderedly manners!

A meeting with neighbors would be very helpful providing more details to the Safety Committee... and with BHS staff members to continuing communications in the neighborhood community on Willard Street.

Thank you for your attention

Sincerely yours truly
Quacela Bennett
