City Council:

Address 637 Western Ave.

I am requesting a blind drive way sign be put up just above my drive way on top of hill, so that on coming traffic is aware there is a drive way. This was not really a big problem say 5 years or so ago, but in recent years with more & more traffic and fast moving traffic, I have had some close calls.

Thank you for your time and consideration for a blind drive way sign.

Thank you
Judie Brennan
