Hi Shelli, The company I represent owns the subject property. Over the years we have made numerous attempts to gain funding to rehab the building including suggesting a joint proposal with White Mountains Community College to the National Science Foundation whereby the building would become a lab donated to WMCC. Attached are copies of letters to the Berlin City Fire Department that list many of the efforts my company has made. At this point my company is considering disincorporation. Fire Chief Jay Watkins suggested contacting the City Council about donating the subject property to the City of Berlin, which my company is now prepared to do. Please let me know if this is a viable option. Thanks, Gary
