Retaining Wall Number? Sign Number? Bridge Number?	Sewer/Drainage Structure?				

COMPLAINT ISSUE

Special Project (If applicable):

Issue: I've seen them in other cities and towns.. I own my house here on marble street, and i was wondering if there is any way I could get a autism child street sign on my street? my child has autism and tends to have meltdowns and it would be nice if the neighborhood was more aware And I also believe it would help the safety of my child ..I have seen them in our town for people that are deaf but autism is a very broad spectrum now and it would be nice if my street could have a sign. I thank you for your time in this matter ..
