

Berlin City Council
c/o City Clerk
168 Main Street
Berlin, NH 03570

March 11, 2024

To the Council:

I am responding to the open position currently available on the Berlin City Council.

I am genuinely interested in Berlin's welfare and have invested time and energy through volunteer efforts via Berlin's Main Street Program, which I maintain membership on the committee, also working to beautify the plantings each spring and at times Christmas decorations throughout the downtown.

I am the founder of TreeCity Arts, a nonprofit arts organization located on Pleasant Street. Our mission is to enhance the community through art and create opportunities for a variety of activities where people may experience artistic events. My husband and I own a significant investment property within our downtown, and we both support civic development and engagement to promote our City of Berlin. We are optimistic about Berlin's future.

I am willing to participate and attend each City Council meeting to assist in the decisions and discussions relative to contributing to Berlin and its promising future.

Sincerely,

Kathy J. Trumbull
