**PUBLIC PARTICIPATION AT BOARD MEETINGS**

The Berlin Board desires citizens and staff of the district, including those from towns sending students to Berlin Schools, to attend sessions so that they may become better acquainted with the operation and programs of the schools and that the Board may have opportunities to hear the wishes and ideas of the public. All official meetings of the Board shall be open to the press and public. However, the Board reserves the right to meet and to adjourn or recess a meeting at any time to discuss such matters as are properly considered in non-public session in accordance with RSA 91-A:3.

In order to assure that persons who, wish to appear before the Board may be heard and, at the same time, it may conduct its meetings properly and efficiently, the board adopts as policy the following procedures and rules pertaining to public participation at Board meetings.

1. Time will be set aside during each meeting for Berlin residents, SAU3 staff, and/or parent/guardians of tuition or agreement students to address the Board regarding matters of the school district. The Board reserves the right to impose a time limit for each speaker and/or to restrict the topics to matters pertaining to the agenda of the meeting.
2. Anyone wishing to speak before the Board, either as an individual or as a member of a group, should inform the Superintendent of the desire to do so and of the topic to be discussed as early as possible, preferably at least seven days before the meeting.
3. Any individual desiring to speak shall give his or her name, address, and the group, if any, that is represented.
4. The presentation should be as brief as possible. Written remarks are encouraged.
5. Speakers may offer supportive statements, express concerns or give objective criticisms of school operations and programs. But in public session, the Board will not hear personal complaints of school personnel nor against any person connected with the school system. Other channels provide for Board consideration and disposition of legitimate complaints involving individuals. Note also that the public comment session is the time for members of the public to be heard by the Board. The Board will not respond as it is not a "question and answer session."
6. Any comments which do not adhere to the above, or which disrupt the official business of the Board may be ruled out of order by the Chair. Repeated disruption may result in the individual being asked to leave the meeting. Obscene speech, comments threatening bodily harm, or other unprotected speech will not be tolerated.

The Board vests in its Chairperson or other presiding officer authority to terminate the remarks of any individual when they do not adhere to the rules established above as to content or time limitation.

Persons appearing before the Board are reminded, that members of the Board are without authority to act independently as individuals in official matters. Thus, questions may be directed to individual Board members, but answers must be deferred pending consideration by the full Board.

With the aim of maintaining focus on the issues in discussion, it is desired that all speakers strive to adhere to ordinary norms of decorum and civility.

February 4, 2021

Dear Families, Employees, and Citizens,

The Berlin Board of Education and the Berlin School Administrators have compiled a budget request for Fiscal Year 2022. As with every year, this budget process is fluid. As costs are set, grants are awarded, and needs change, the budget will be adjusted accordingly until the final appropriations are made by Council in June.

We continue to make every effort to be fiscally conservative in line with the economic base of the City of Berlin, while still providing for an adequate education for our students.

In preparing the FY22 budget, the Board remains dedicated to accomplishing the goals we have set.

**BERLIN BOARD OF EDUCATION GOALS  
2021-2022**

**Academic**

- Improve achievement of all students
- Provide alternative learning strategies for our students including distance learning, after-school programming, and virtual learning

**Facilities**

- Develop a facilities improvement plan with Mayor and City Council

**Safety**

- Maintain a safe, supportive and nurturing environment in schools, allowing student and staff to focus on education without distraction

**Communication**

- Promote parental and community involvement

**Collaboration**

- Promote the collaboration between SAU#3 and SAU#20 to enhance educational opportunities that benefit students from both districts.

We are committed to the success of every child in the Berlin Public School District. Thank you for your continued support. Together we will provide for the successes of our community.

Sincerely,

Berlin Board of Education,  
Ann Nolin, Chair  
Matthew Buteau, Vice Chair  
Jeanne Charest, Secretary  
Scott Losier  
Louise Valliere

## Berlin Public Schools FY 22 Revenue Detail

### REVENUE - STATE & LOCAL (NON-TAX)

**State Adequacy Aid** \$10,296,366 to \$10,032,537 (\$263,829)

This is the amount reported by the NH Department of Education for Berlin's state grant based on the current funding formula. The estimated reduction reflects a significant decrease in families qualifying for Free & Reduced Lunch, a problem that has arisen state-wide due to the pandemic waiver. We are working with families to fill out applications and there is also legislation pending to rectify this situation.

**Tuition** \$1,427,220 to \$1,555,036 \$127,816

These figures reflect anticipated revenues for students attending the Berlin Public Schools from Dummer, Milan and Errol. This figure also includes Gorham students scheduled to attend Berlin High School Career and Technical Education programs.

**Medicaid** \$200,000 to \$200,000 \$0

The Berlin Public Schools is a Medicaid provider. As a result, the school department can bill Medicaid for 50% of our costs for providing services to Medicaid eligible special education students. The services provided are Occupational Therapy, Physical Therapy, Speech Language, Hearing and Vision, Psychological, Mental Health/Social Emotional Behavioral, Rehabilitative Assistance and Specialized Transportation Services.

<b>Total State &amp; Local</b>	<b>\$11,923,586</b>	<b>to</b>	<b>\$11,787,573</b>	<b>(\$136,013)</b>
--------------------------------	---------------------	-----------	---------------------	--------------------

### REVENUE - FEDERAL/STATE PROGRAMS

FY22 funding for all federal projects is unknown until actual allocations are received which usually occurs at the beginning of the fiscal year for which the funds can be used. Since expenditures are offset by an equal amount of revenue, federal programs do not have an effect on the local tax rate. When actual allocations are received, these figures will be adjusted accordingly.

<b>Total Federal</b>	<b>\$3,568,716</b>	<b>to</b>	<b>\$4,586,275</b>	<b>\$1,017,559</b>

### REVENUE - FOOD SERVICES

<b>Total Child Nutrition</b>	<b>\$747,244</b>	<b>to</b>	<b>\$747,244</b>	<b>\$0</b>
------------------------------	------------------	-----------	------------------	------------

Local revenue (meal sales)	\$320,234	to	\$320,234	\$0
State reimbursement	\$10,386	to	\$10,386	\$0
Federal reimbursement	\$416,624	to	\$416,624	\$0

This represents fees paid for school lunch and breakfast as well as reimbursement received from the state department and the federal government that provide partial support to qualifying students who participate in the school lunch program. The staff continues to minimize costs wherever possible and offer a quality, self-supporting program.

## **FY2022 Adequate Education Aid**

### **How the Cost of an Opportunity for an Adequate Education is Determined**

RSA 198:38 through 198:42 specify how aid is calculated and distributed.

#### **Students:**

Adequacy Aid is calculated using the Average Daily Membership (ADM) of the students who reside within a municipality. Any full-time student K-12 enrolled in school for the entire year has an ADM of 1.00. If a student moves mid-year, he is counted as a fractional ADM in each municipality. For FY2022 Adequacy Aid, school year 2020-2021 ADM will be used.

The total ADM for a municipality consists of:

- Students who attended a school operated by their resident district.
- Students tuitioned by the resident district to a district-operated school in NH or another state.
- Students tuitioned by the resident district to a non-public school, such as a special education program.
- Home school students enrolled in high school academic courses at the rate of 0.15 ADM per course. These students will be counted only if the appropriation has excess funds available.
- Preschool students are not included.
- Charter schools students are not included, except as provided for in RSA 194-B:11.

#### **Cost of Adequacy:**

Every two years the base per pupil cost and additional costs for certain students are adjusted for inflation and used for both years of the State's biennium. RSA 198:40-d specifies that the US Bureau of Labor Statistics' Consumer Price Index for All Urban Consumers, Northeast Region, special aggregate index of "services less medical care services" will be used to make the adjustments. For the biennium starting July 1, 2021, this inflation adjustment is an increase of 2.1%.

For FY2022 and FY2023, the base per pupil rate is \$3,786.66 per ADM. Adequacy includes an additional rate for certain students as follows:

- \$1,893.22 for a free or reduced-price meal eligible student. This eligibility determination is based on household income not participation in a lunch program. Students from households receiving TANF or SNAP are automatically eligible. Others are certified if parents/guardians provide income information.
- \$2,037.11 for a special education student who has an individualized educational plan (IEP).
- \$740.87 for an English Language Learner receiving English Language instruction. Students who have advanced to the monitoring stage are not included.
- \$740.87 for each 3<sup>rd</sup> grade pupil whose achievement score on the state assessment for reading was below the proficient level, provided the student is not already counted in any of the above three categories. Students who did not take the test are not counted.

For each municipality, the cost of an opportunity for an adequate education is calculated by applying the base rate and applicable additional rates to the ADM of each student.

### **How Adequacy Grants are Determined**

#### **Statewide Education Property Tax Assessment:**

Each December, the Department of Revenue Administration determines the minimum tax rate needed to raise at least \$363 million from the Statewide Education Property Tax (SWEPT) for the following school year. The tax rate, rounded to the nearest one-half cent, is applied to equalized valuations without utilities. (RSA 76:3 and RSA 76:8.) Municipalities collect the SWEPT and send the total assessment amount directly to its school district(s). Within cooperative districts the assessment amount is credited to the individual towns. While municipalities are responsible for collecting and distributing this tax revenue, SWEPT is a state tax, not a local tax. For FY2022, a tax rate of \$1.825 per thousand will be applied to April 1, 2019 equalized values.

#### **Preliminary Grant:**

When the SWEPT assessment is subtracted from the cost of adequacy the balance is the preliminary grant. If SWEPT is more than the cost of adequacy then the preliminary grant is zero.

#### **Stabilization Grant:**

When a new funding formula was enacted for FY2012, to ease the impact on municipalities facing a decrease in aid, the Legislature utilized a stabilization grant to cover the decreases. Not all municipalities received a stabilization grant in 2012. For FY2022, the stabilization grant will be 100% of the 2012 amount.

#### **Inclusion of Home-Schooled Course Credit:**

Prior to the final payment of adequacy grants in April, the Department of Education will determine if the appropriation allocated in the state budget for adequacy aid is sufficient to allow for inclusion of an ADM credit of 0.15 for each enrollment in an academic course by a home-schooled student.

#### **Total Grant:**

A municipality's total grant is the sum of its preliminary and stabilization grants. For the final calculation in the spring of 2022, the total grant will be no less than 95% of the November 15, 2020 estimate, and will include home-schooled course credit funding if applicable.

### **Publication and Payment Schedule**

#### **Publication Schedule for Adequacy Aid**

The first estimate is published on the November 15<sup>th</sup> that precedes the beginning of the fiscal year. ADM is estimated using data from the second preceding school year and applying adjustments for anticipated enrollment increases or decreases. This estimate is generally used to set school budgets.

The second estimate is made on October 1<sup>st</sup> of the fiscal year using preliminary ADM data for the previous school year. This estimate is used by the Department of Revenue Administration to set school tax rates.

The final calculation is usually made by March using the prior year's ADM that has been closely reviewed. For FY2022, adjusted 2019-2020 school year ADM data will be used for the first estimate, and 2020-2021 data will be used for the second estimate and final determination.

Grant Payment Schedule:

The first payment of 20% by September 1<sup>st</sup> is based on the first estimate from the Nov 15<sup>th</sup> of the previous year. The second and third payments of 20% by November 1<sup>st</sup> and 30% by January 1<sup>st</sup> are based on the October 1<sup>st</sup> "final" estimate. The final payment (of approximately 30%) is made by April 1<sup>st</sup> and based on finalized ADM data.

\* Figures shown reflect the equalized tax base for last school year divided by last year's ADM. The equalized valuation includes railroads and utilities and is the basis of the local education tax. Equalized valuation without railroads and utilities (not shown) is the basis of the statewide education tax.

\*\* The State Average is equal to the State Total Equalized Valuation minus the Equalized Valuation of those unincorporated places having zero ADM, divided by the State Total ADM minus 289.21 ADM for the Norwich, VT portion of Dresden. The equalized valuation of unincorporated places not listed is \$20,898,207 and the total state equalized valuation is \$207,887,398,996. The amount published here is \$7,319 less than the total equalized valuation published by the Department of Revenue Administration due to the Concord/Loudon school district set-off.

# This town is part of two school districts. The two equalized valuation amounts will need to be added together to arrive at the total equalized valuation for the town.
