

request for information / addendum 1

project: Fire Department Adjacent Building Partial Demolition
client: City of Berlin

issued to: All Parties
issue date: 16 November, 2020

The following information constitutes the Request for Information / Addendum 1 for the above referenced project. The information contained herein is supplementary to, and should be read in conjunction with, the Bid Documents identified as Bid Drawings / Bid Specifications dated October 29, 2020.

Responses / Amendments per RFI

Water, Sewer and Drainage Services

Addendum: The Contractor shall terminate and cap the water, sewer, and drainage services at the property line and/or rights of way and the terminations shall be inspected by the appropriate departments to ensure that the work meets department requirements.

Electric Services

Addendum: There is only one existing electric utility service to the existing building. i.e. one service is feeding both the section to be demolished and the section to remain. The service is active. The service will need to be removed and relocated. This scope of works will be undertaken by the City electrician and will not be the responsibility of the successful bidder, however some scheduling coordination may be required.
