

Memo

To: Berlin City Council
From: Pamela Laflamme, Interim City Manager
Date: 02/07/2022
Re: City Manager's Report

1. Attached is the property transfer list for December 2021.
2. North Country Home Health & Hospice Agency has sent along their 2021 Annual Report for the Council's review which is attached.
3. Sharon Gauthier has sent the Mayor & Council AVRRDD's 2021 Annual Report, this is also attached.
4. Economic Revitalization Zones (EZR) Certification Renewal, I renewed this very last minute so I didn't make any changes to the zones we've had on the books with the NH office of Business & Economic Affairs. This would allow someone who starts a business in one of these zones a short-term business tax credit for projects that improve infrastructure and create jobs. The zones have to meet certain criteria set by the BEA.
5. In Mid-January Fire Chief Watkins advised Engines 1 & 4 were out of service and Ladder 1 was to be used for absolute emergencies only as it has brake issues for which Public Works ordered parts. Because of this, Gorham has graciously allowed us to use their Engine 4. This is a benefit of joining Mutual Aid.
6. Attached please find the BWW – Municipal Water Usage from October 1, 2021 to January 2, 2022 (February 2022 Billing Quarter).
7. Berlin Recreation Department Article attached – DJ has been working hard to bring new life and interest to the Recreation Department. He has hired a new assistant director and jumped into building projects and ideas for new programming.
8. Attached is the Fire Chief's January report, the Monthly Incident Report and the EMS call volume report.
9. I sent along a letter of support for the continued funding of HB 398, Funding for Eligible Wastewater Projects through the State Aid Grant program at NHDES. SAG is an after-the-fact grant program that reimburses communities for projects completed, so we are due reimbursement through this program. My support letter and the information from the New Hampshire Water Pollution Control Association Legislative Committee is attached.
10. The City received its signed final agreement with US EPA for the mitigation of the work that will be done in demolishing properties through the I&I project this spring. We will be working with the Berlin & Coos County Historical Society to install a permanent exhibit related to our historic neighborhoods. This has to be done to very specific standards and approved by the NH State Historic Preservation Office. We have three years to do this work which was estimated by NH Division of Historic Resources to cost approximately \$15-20K dollars. On a different note but related to the I&I project, we had a pre-bid conference last week that was not mandatory but had about six potential bidders participate which was very promising. Bids for the demolition portion of the project are due Tuesday, February 15th at 2pm.

North Country Home Health & Hospice Agency

2021 Annual Report - City of Berlin

North Country Home Health & Hospice Agency provides quality services that include Hospice, Home Health, Palliative, and Long-term care. Within these services we also provide nursing, rehabilitation, social services, and homemaking in 51 towns, covering all of Coos County and northern Grafton County and we've just expanded our territory south to Plymouth, NH. In 2021, for the City of Berlin, we provided Home Health services to 459 patients, cared for 125 patients on Hospice and 12 patients on Long Term Care.

Hospice Care focuses on quality of life and provides support to the patient and their caregivers in achieving their goals and wishes. Our compassionate team, made up of physicians, nurse practitioners, nurses, social workers, home health aides, spiritual counselors, and volunteers, work with the patient to achieve their goal. Services provided to the patient and their caregivers include: management of pain and symptoms, assisting patients with the emotional, spiritual and psychosocial aspects of dying, and provides needed medications, medical equipment and medical supplies. Also included is family/ caregiver education on the provision of care and short-term inpatient treatment for management of symptoms that cannot be managed in the home environment or is needed for caregiver respite. Bereavement counseling for surviving family members and friends is also provided. An individual electing hospice care is not giving up on living, rather, making the decision to focus on quality of life. Hospice care provides a high level of quality medical care with a different focus from the traditional medical model.

Home Health Care is critical to serving the growing health care needs of this community. Our skilled clinical team can monitor health problems and provide disease management within the comfort of the home setting, which helps prevent more costly health care such as hospitalization and long-term institutional care. Our focus is to get patients back to their baseline utilizing our nursing team and therapists. Over the past year the demand on the hospitals has been so great that we have functioned at a higher capacity in order to provide decompression for the hospitals to free up much needed beds. This has led to an increased acuity of Home Health patients that we have never experienced before.

Long-Term Care provides home health aide, homemaking and companion services to those who are unable to perform essential activities of daily living such as bathing, dressing, meal preparation and household tasks independently. The primary reason for these services is to support individuals who have physical, medical, or mental limitations and cannot perform these basic needs any longer on their own. These services play a critical role in assisting the elderly and disabled to remain in their own homes and to avoid re-admissions to the hospital and to prevent long-term institutionalization.

Our Palliative Care Program is a new program that started as a pilot in 2019. The program started with 5 patients and has grown to now include 65 active patients. Our Palliative Care program is primarily home based; meaning, that our APRN and Social Workers visit patients in their homes to discuss their serious illness, advanced care planning, code status, goals and wishes and most of all- what is important to them. The target patient is anyone with a serious illness, it does not have to be terminal like Hospice requires. The scope of patients is broad and we have found that Palliative Care services are much needed, especially in our service territories. NCHHA provides Home Health services to patients that are recovering from an illness and are expected to get better and we provide Hospice services to patients with a terminal illness; but there is a gap in between these two programs and Palliative Care provides a bridge for the patients that have a serious illness, but are not ready for Hospice services yet.

North Country Home Health & Hospice Agency and our Board of Directors are extremely grateful to the City of Berlin for its continued support of our agency. This allows us to fulfill our mission to provide services to all individuals regardless of their ability to pay. North Country Home Health & Hospice Agency is committed to providing services in Berlin to support clients and their families to remain in the comfort of their homes, in a safe and supportive environment, and to improve overall health outcomes in the community.

Respectfully,

Courtney Piana, Community Relations & Development Coordinator

ANDROSCOGGIN VALLEY REGIONAL REFUSE DISPOSAL DISTRICT

2021 ANNUAL REPORT OF DISTRICT ACTIVITIES

Our Materials Recycling Facility processed a total of 1,120.46 tons of materials, for the period January 1, 2021 through December 31, 2021, representing \$206,981.34 of marketing income to the District. Recyclables shipped to market included: aluminum – 44.34 tons; newspaper/magazines – 68.45 tons; corrugated cardboard – 440.47; PET plastic – 82.42 tons; HDPE plastic – 42.79 tons; tin – 41.10 tons; mixed office paper – 42.98 tons. In addition, 358.87 tons of glass were processed for reuse.

Our Transfer Station recycling income totaled \$71,772.24. Recycling at the Transfer Station consisted of 1,710.98 tons of wood that was processed through a grinder, 347.39 tons of scrap metal; batteries 4.9 tons; 235.48 tons of leaf and yard waste and 554.66 tons of brush which was chipped. In addition, 665 refrigerators/air conditioners; 151 propane tanks; 5,926 tires; 33,452 feet of fluorescent bulbs; 1,959 fluorescent U tubes and HID lamps; 1,067 ballasts and 51.7 tons of electronics were recycled. We also received 1,563 gallons of waste oil which was used in our waste oil furnace to heat the recycling center. The District owns and operates the Recycling Center and Transfer Station.

District Officers are: Chair Linda Cushman of Jefferson; Vice Chair Paul Grenier for the Coos County Unincorporated Places and Secretary-Treasurer Michael Rozek of Berlin. Other District Representatives: Yves Zornio of Gorham, John Turner of Randolph, Randy Fortin of Milan, Alan Rossetto of Northumberland, Rodney Monahan of Stark, Christopher Holt of Dummer and Scott Rineer of Errol.

The District conducted its twenty-ninth Household Hazardous Waste Collection Day on August 7th. The collection was held at the District Transfer Station with 321 households participating. The date of the 2022 Household Hazardous Waste Collection will be announced once we have received confirmation from the Hazardous Waste Collection company.

2021 was the nineteenth year of operations for the AVR RDD Mt. Carberry Landfill. Since purchasing the landfill in December 2002, no assessments have been made to the District municipalities for Mt. Carberry Landfill operations, with income raised through landfill tipping fees covering operating expenses. The landfill is operated, under contract with the District, by Cianbro Corp.

No assessments will be made to the member municipalities for the 2022 AVR RDD Budget.

Respectfully submitted,

Sharon E. Gauthier

Sharon E. Gauthier
Executive Director

January 3, 2022

Ms. Pamela Laflamme
Interim City Manager/Community Development Director
168 Main Street
Berlin, NH 03570

Dear Pamela:

This letter and the attached ERZ Renewal/Certification form constitute the approval for the city of Berlin's continuation of the following areas as Economic Revitalization Zones:

- 1) East Milan Road Sites: Maynesboro Industrial Park (approved 12/04)
(renewed 3/16, 1/22)
- 2) East Milan Road Sites: Potential land for industrial park expansion (approved 12/04)
(renewed 3/16, 1/22)
- 3) Downtown Berlin (approved 12/04) (renewed 3/16, 1/22)
- 4) Route 110 Sites of the former Bass Shoe Building and adjacent properties (approved 12/4) (renewed 3/16, 1/22)

It is my hope that these designations will continue to allow for increased business investment and job creation in these areas of the city of Berlin.

If you have any questions regarding this economic development program, please feel free to contact Bridgett Beckwith in the Division of Economic Development at 603-271-2342.

Sincerely,

Taylor Caswell
Commissioner

Renewal of ERZ Certification

PLEASE COMPLETE and MAIL THIS FORM BY December 31, 2021

To:

Department of Business and Economic Affairs
Division of Economic Development
Attention: Bridgett Beckwith, Program Manager
100 North Main Street, Suite 100
Concord, NH 03301

The city of Berlin wishes to have the following ERZ areas remain in the current Economic Revitalization Zone program:

- East Milan Road Sites: Maynesboro Industrial Park (approved 12/04, renewed 3/16)
- East Milan Road Sites: Potential land for industrial park expansion (approved 12/04, renewed 3/16)
- Downtown Berlin (approved 12/04, renewed 3/16)
- Route 110 Sites of the former Bass Shoe Building and adjacent properties (approved 12/4, renewed 3/16)

The city of Berlin certifies that the areas selected above continue to meet the criteria for inclusion in the ERZ program under current statute.

Please give a brief explanation of how the zone(s) continue to meet to the criteria for inclusion.

Still vacancies and underdeveloped parcels in all four areas.

If BEA does not receive notification of the above, BEA will discontinue designation of the area(s) as ERZs under the current statute.

For further information or questions, please contact Bridgett Beckwith, the ERZ program manager at 271-2342.

Berlin recreation director sees a bright future ahead

BY PAUL R OBITAILLE THE BERLIN SUN

BERLIN — Berlin Recreation Department Director Dwayne Johnson has been in his position for six months and is excited about the future of the department.

Johnson, or “DJ” as he likes to be called, took over as Berlin Recreation Director six months ago after longtime director Teri Letarte retired. Johnson says he is excited about the changes he has planned for the future for the recreation department.

Johnson, who volunteered as coach for some of the department’s sports programs, said he worked with Letarte a long time and still calls on her for advice.

“This is what I have always wanted to but when I realized I was in charge of all this, I had to ask myself now what I do?” he said.

“The first thing I wanted to do was get all the sports programs running together. I was really worried about how do I regulate and raise the funds,” he said. “It was very overwhelming at first. I started the Legion ball program with my friend Rick Mercier two seasons ago. I am on board of directors for the Cal Ripken league and coached junior varsity and varsity baseball. I was also involved with youth hockey.”

Johnson said he has big plans for the department.

“There is a lot I want to do here,” he said. “I have moved the bleachers and painted the gym. We have opened the space up to a lot of seniors who come here and walk in the morning. We also hope to have ‘bone builders’ for the seniors here two days a week Tuesday and Thursdays.”

Johnson also discussed other developments he would like to see with the recreation center.

“I hope to get a new floor in here and reinsulate the ceiling,” he said. “We have already painted in here and I hope to bring in a batting cage soon. We’ve got basketball going on for kids from kindergarten to fifth grade. We have recreational hockey on the weekends. We have yoga here on Wednesdays. We have more younger children coming

New Assistant Recreation Director Alexander Terry (left) is seen with the new Berlin Recreation Director Dwayne (DJ) Johnson. (PAUL ROBITAILLE PHOTO)

in with their families. We want all the people of the community to feel free to come in here. I was surprised to learn on social media that there were people who live in the community who did not know we had a recreation center.”

Johnson also said: “Teri and I talked a lot before I got the job. I feel really good about the future. Teri left us in a good space, and she is still involved. It is a lot of work; I am here even after hours. This is what I do, it is what I love, because after all it is about the kids, isn’t it? Yes, we have teenagers and adults here, but in the long run it is about our kids having a safe place to come to.”

Johnson said that he is gearing up for the summer.

“I plan on having some more sports clinics in the spring,” he said. “We are still going to have our summer program but hope to ramp it up with some trips Like Story Land or Whale’s Tales. Maybe we can get more kids involved with the summer program. I hope to hire some more high school kids to work in the summer. I like to hire the high school kids because they act as a mentor to the younger kids.”

Johnson said the department is a community-based department and he wants to provide those things the

community is looking for.

DIRECTOR from page 13 to 14

“I am open to suggestions and to anything the community might want,” he said. “I think I understand the traditions the community still values, and I am friends with a lot of longtime residents which includes the mayor who helps out here and helped me start the Legion baseball program.”

Johnson said that he feels he has the support of the community, when he first started, he heard the stories that no one wants to do anything.

“I don’t find that to be true,” he said. “I have yet to have anyone say no to me for anything I have asked whether it is small things or big

things. REMAX donated \$500 for the hockey program, KRT sports gave \$500 for some of the renovations we have been doing. Wildcat Ski Area called me, and they want to do a check presentation, I thought maybe \$500 — and the check was for \$9,000. There is a lot of the community that sees what we need, and they won’t say no. So, I think the future is very bright I find the community to be a very driven place. I am grateful for all the support I have received.”

Re: HB 398 — Funding for Eligible Wastewater Projects — Please Support

Honorable Committee Members:

I am writing on behalf of the City of Berlin. As a community that has spent \$1,348,620 on 1 project that is due payments through the SAG program, **we strongly urge the NH House Finance Committee to continue support of HB 398** which authorizes the appropriation to the department of environmental services for funding eligible wastewater projects.

The funding included in this bill covers FY 22/23 and includes assisting communities from all parts of NH, stretching from Nashua to Berlin, from Keene to Concord, Hampton to Lebanon, and Conway to Manchester, to name a few. These projects were completed with the understanding the state would meet its legal commitments under RSA 486. Because these communities were proactive in addressing infrastructure problems, the projects covered under this bill are not eligible for the current ARPA funding, nor will be eligible for any future infrastructure assistance.

For every dollar the state pays in grants out of the General Fund there is much more than a dollar returned to the General Fund for rooms and meals as a result increased viability of economic growth of the community and the health benefits of clean water and healthy drinking water. The NHWPCA and its members are committed stewards of the environment. Thank you for considering these comments and for helping us meet our mission of protecting public health through safely managing wastewater, while maintaining rate and taxpayer affordability.

Respectfully submitted,

Pamela E. Laflamme, Interim City Manager
City of Berlin

HB 398 - AS AMENDED BY THE HOUSE

6Jan2022... 2117h

2021 SESSION

21-0469

06/08

HOUSE BILL

398

AN ACT making an appropriation to the department of environmental services for funding eligible wastewater projects.

SPONSORS: Rep. Bucu, Carr. 2; Rep. Umberger, Carr. 2; Rep. Leishman, Hills. 24; Sen. Watters, Dist 4

COMMITTEE: Finance

AMENDED ANALYSIS

This bill makes appropriations to the department of environmental services for the purpose of funding eligible wastewater projects under RSA 486.

Explanation: Matter added to current law appears in ***bold italics***.
Matter removed from current law appears [~~in brackets and struck through.~~]
Matter which is either (a) all new or (b) repealed and reenacted appears in regular type.

HB 398 - AS AMENDED BY THE HOUSE

6Jan2022... 2117h

STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Twenty One

AN ACT making an appropriation to the department of environmental services for funding eligible wastewater projects.

Be it Enacted by the Senate and House of Representatives in General Court convened:

1 1 Department of Environmental Services; Appropriation. There is hereby appropriated to the
2 department of environmental services the sum of \$5,735,248 for the fiscal year ending June 30, 2023
3 and \$6,919,115 for the fiscal year ending June 30, 2024, which shall be nonlapsing, for the purpose of
4 funding eligible wastewater projects under RSA 486. The governor is authorized to draw a warrant
5 for said sum out of any money in the treasury not otherwise appropriated.

6 2 Effective Date. This act shall take effect July 1, 2022.
