

City of Berlin, NH

Office of the City Manager

CITY MANAGER'S REPORT 9-5-2023

1. We are making headway in the paving repairs throughout the city. Weather severely impacted our construction schedule this year. We are also waiting for the paving vendor to get back to us on final details for the paving this year – as stated prior once the list is finalized with the vendor and a schedule is established it will be posted on the web site.
2. Along with paving our work on drainage has been impacted by the weather, we are working our way through the priority items.
3. The employee appreciation event was held this past Wednesday at the airport – by all indications it was well received.
4. Wingzilla is this weekend, we will be assisting the Chamber in setup and breakdown.
5. The salt shed site has been brought to grade, it will be paved in the next 2 weeks. The shed will be delivered shortly thereafter and constructed once on site. Weather has affected this project as well.
