Berlin, NH 03570
February 15, 2016

Berlin Safety Committee
168 Main Street
Berlin, NH 03570

Dear Committee Members:

I am writing to request the installation of street lights on the section of Hutchins Street north of Twelfth Street to White Mountain Lumber.

As a homeowner on Pinecrest Avenue for more than thirty years, I have become familiar with the area's traffic level. Motor vehicle traffic on Hutchins Street/East Milan Road has increased significantly with the addition of the Northern New Hampshire Correctional Facility and the Federal Correction Institution, and ATV traffic continues to increase. The stretch of road between Twelfth Street and White Mountain Lumber, however, remains dark and unlit. This presents a hazard to the residential, bicycle and pedestrian traffic which frequent this area.

Lighting would provide a safer environment for all. I ask that you make this section of roadway safer for the community and thank you for your consideration. I look forward to hearing from you.

Respectfully,

A handwritten signature in cursive script that reads "Donald Valliere".
